CALL FOR BIDS

Sealed proposals will be received in the Board of Supervisors Office, Yavapai County Administrative Services Building, 1015 Fair Street, Prescott, Arizona, Room 310, until 1:30 p.m. (by the official clock located in the Clerk's Office), Thursday, October 30, 2025, for **PAVEMENT MARKING IN YAVAPAI COUNTY, ARIZONA – CONTRACT #2535977**. Specifications and contract documents will be available Tuesday, October 14, 2025, on the following website: <https://www.yavapaiaz.gov/bids/public-works>. The Board of Supervisors of Yavapai County reserves the right to reject any or all offers, to waive formalities, and to accept the offer deemed to be in the best interest of Yavapai County.

Dated: October 1, 2025

/s/ Jayme Rush, Clerk
Yavapai County Board of Supervisors

GENERAL PROVISIONS

1. Preparation of Bids.

- A. All information requested of bidders shall be entered as specified in the appropriate space on the forms prepared by Yavapai County as part of the contract documents. Failure to do so may disqualify your bid.
- B. All information shall be entered in ink or typewritten. Mistakes may be crossed out and corrections inserted before submission of your bid. Corrections shall be initialed in ink by the person signing the bid.
- C. Corrections and/or modifications received after the closing time specified will not be accepted.
- D. Time of delivery shall be stated as the number of calendar days or number of hours following receipt of the order by the bidder to receipt of the goods or services by the County.
- E. All bids shall be signed by an authorized officer or authorized employee of the bidder.
- F. Bids must be submitted by the date and prior to the time specified in the Call for Bids to be considered. No late bids, telegraphic or telephone bids will be accepted.
- G. Submit bids in accordance with the instructions in *Instructions for Bidding* included in the contract documents. Yavapai County will not be responsible for those bids submitted that are not marked appropriately and/or sent to the wrong address.

2. Insurance Requirements. In accordance with MAG Specification Section 103.6, which is incorporated herein by reference, the Contractor shall provide proof of the following types of insurance required under this Contract with minimum limits as described herein:

- A. Comprehensive General Liability insurance for injuries, including accidental death, to any one person in an amount not less than \$2,000,000. Subject to the same limits on account of one accident, in a total amount not less than \$4,000,000.

Such policy shall include coverage for the following:

- 1. Injury to or destruction of any property arising out of the collapse of or structural injury to any building or structure due to grading of land, excavation, borrowing, filling, backfilling, tunneling, pile driving, cofferdam work or caisson work.

2. Injury to or destruction of wires, conduits, pipes, mains, sewers, or other similar property or any apparatus in connection therewith, below or above the surface of the ground, if such injury or destruction is caused by and occurs during the use of mechanical equipment for the purpose of grading land, paving, excavating, drilling, or injury to or destruction of any property at any time resulting therefrom.
3. Injury to or destruction of any property arising out of blasting or explosion.

- B. Automobile Liability and Property Damage insurance to cover each automobile, truck, and other vehicle used in the performance of the contract in an amount of not less than \$1,000,000 for one person, and \$1,000,000 for more than one person, and property damage in the sum of \$1,000,000 resulting from any one accident which may arise from the operations of the Contractor in performing the work provided herein. This coverage shall include all owned, hired and non-owned vehicles.

For all policies listed in paragraphs a, and b above, Yavapai County shall be named as an additional insured on the Certificate of Insurance.

- C. Workers' Compensation and Employer's Liability. Statutory coverage for Workers' Compensation and Employer's Liability in an amount not less than \$1,000,000.

For the policies listed above, Yavapai County shall be named as a certificate holder and a waiver of subrogation in favor of the County shall apply. The Contractor is required to provide a letter of certification from the Arizona Industrial Commission or its insurance agent evidencing coverage.

The certificates shall identify the contract number and title and evidence coverage by an insurance company authorized to transact business in the State of Arizona and rated Best A-VIII or better as currently listed in the most recent Best Key Rating Guide, published by the A.M. Best Company. All required insurance shall be maintained during the life of the contract. No policy shall expire, be canceled or materially changed to affect the coverage available to the County during the life of the contract. If an insurance policy expires during the life of the contract, the Contractor shall provide a renewal certificate to the County not less than thirty (30) days prior to the expiration date.

3. Brand Names.

- A. Brand names and numbers when used are for reference to indicate the character or quality desired. Whenever an article or materials is defined by describing a proprietary product or by using the name of a manufacturer, the term "or equal" if not inserted shall be implied. The specified article or material shall be understood as indicating type,

function, minimum standard of design, efficiency and quality desired, and shall not be construed as to exclude any other manufactured products of comparable quality, design, and efficiency.

- B. Equal items will be considered, provided the bid clearly describes the item. Bids for equal items shall state the brand and number or level of quality. The determination of the County as to what items are equal shall be final and conclusive.
 - C. When brand, number or level of quality is not stated by the bidder, it is understood that the bid is exactly as specified.
 - D. The item(s) described in the specification shall be new, unused, manufacturer's latest improvements, unless specified otherwise. The item(s) bid shall include all standard materials and equipment, and shall include all items to provide functional and/or operational units. Items modified or designed specifically to meet these specifications which are not normally standard items in the industry will not be considered. This does not preclude the changing of minor ingredients or components to those specified, so long as proper engineering and testing has occurred and documentation is furnished with the bid and the County is supplied with acceptable, fully functional and operational materials or equipment.
 - E. All workmanship and materials shall be of good quality. All materials and equipment shall meet all applicable and current OSHA, EPA, Federal, Arizona State and industry regulations and standards in effect at delivery.
 - F. Bidders shall be responsible for any and all licenses or permits required by the regulatory agency of the State of Arizona that apply to the performance of this contract.
 - G. The item(s) bid shall meet or exceed these specifications. Compliance with or exception to the specification shall be indicated on the bid. Exceptions to these specifications as noted by the bidder will be subject to evaluation and consideration by the County as to quality, suitability, compatibility and design integrity in relation to the intended use.
 - H. The evaluation of bids and the determination of acceptability of the supplies, equipment, materials, or services bid shall be at the sole responsibility of the County and will be based on information furnished by the bidder, or identified in the bid, as well as other information reasonably available to the County. The decision of acceptability made by the County shall be final.
4. **Samples.** Sample items, when requested, shall be furnished free of cost of any sort to the County. Samples of items selected may be retained for future comparison. Samples which are not destroyed by testing or which are not retained for future comparison will be returned upon request of the bidder.
5. **Default by Bidder.** In case of default by the bidder, the County may procure the items or services from other sources and may deduct from any monies due or that may thereafter

become due to the bidder the difference between the price named in the contract or purchase order and the actual cost thereof to the County. Prices paid by the County shall be considered the prevailing market price at the time such purchase is made. Periods of performance may be extended if the facts as to the cause of delay justify such extension in the opinion of the County.

6. **Awards.** This contract will be awarded to the responsible bidder(s) whose bid conforms to the invitation and whose bid is the most advantageous to the County concerning price, conformity to the specifications and other factors. The Board of Supervisors of Yavapai County reserves the right to reject any or all bids, to waive formalities, and to accept the bid(s) deemed to be in the best interest of Yavapai County. Past performance on County projects or other public projects will be evaluated in awarding contracts, and the County may decide to award to a contractor who is *not* the low bidder. **DEVIATIONS FROM COUNTY SPECIFICATIONS MAY RESULT IN REJECTION OF BID.**
7. **Payment.** Contractor understands that Yavapai County has established an Electronic Funds Transfer (EFT) program for all payments to providers of goods and services to the County and agrees to accept EFT payments in full satisfaction of the County's payment obligations pursuant to this Contract. Contractor further agrees to register for the County's EFT program within one month following the effective date of this Contract and understands that failure to comply with this registration requirement shall result in suspension of payments pursuant to this Contract until such time as the registration process is completed.
8. **Termination of Contract.** Justification for termination of this contract shall include but not be limited to A.R.S. §38-511, workmanship, improper quality of material, insufficient workers, insufficient equipment, or budgetary limitations. The County may terminate or cancel this contract at any time for any reason, with or without just cause. Additionally, failure on the part of the Contractor/Vendor to meet the provisions of those sections of this Contract dealing with supply and/or delivery, start and completion of work, or complete installation procedures of traffic control where required shall be sufficient grounds on the part of the County to abandon, cancel or suspend the Contractor's/Vendor's services at any time. The Contractor/Vendor shall be paid for those units satisfactorily supplied or installed at the unit price bid up to the time of cancellation. The Contractor/Vendor shall be given thirty (30) days' written notice of termination. If termination of the contract should occur, the Department may, at its option, recommend to the Yavapai County Board of Supervisors to award the contract to the second lowest bidding Contractor/Vendor or select to re-advertise and rebid the balance of the contract, or select not to rebid or award the contract.
9. **Delivery.** It shall be the bidder's responsibility to meet the delivery requirements of the County, as called for in the Technical Specifications. Delivery charges shall be separately listed on all invoices, quotes and sealed competitive bids in order to ensure that sales tax or use tax is not calculated on delivery charges. For all procurements, Yavapai County reserves the right to separately procure delivery services from a vendor other than the one providing the product.
10. **Cooperative Use of Contract (aka Piggy-Back Clause).** This agreement may be extended for use by other governmental agencies and political subdivisions of the State including

members of SAVE (Strategic Alliance for Volume Expenditures). Any such usage by other entities must be in accordance with the laws, ordinances, rules and regulations applicable to such entity, and the approval of the Contractor and the County. The provision of goods or services to other agencies under this contract does not absolve the Contractor from fully complying with the requirements set forth within the contract for materials and services to be provided to the County under this contract. Any attempt to represent any material and or service as being under this contract with Yavapai County which is not a subject of, or an addition to this contract, is a violation of the contract. Any such action is subject to legal and contractual remedies available to Yavapai County including, but not limited to, cancellation or suspension of the contract.

In the event that another governmental agency or subdivision chooses to use this agreement for procurement purposes, the procuring party shall be solely responsible for the ordering of materials, services or construction under this agreement. Payment, inspection and acceptance of goods or services ordered by the procuring party shall be the exclusive obligation of the procuring party. County shall not be liable in any way for alleged or actual violations by the procuring party or Contractor, and the procuring party shall hold County harmless from any liability which may arise from the action or inaction of the procuring party. Contractor agrees to look solely to the procuring party in pursuing all legal remedies that may be available to Contractor for acts or inaction of the procuring party.

The procuring party shall not use this agreement as a method for obtaining additional concessions or reduced prices for similar products or services.

11. Protests.

- A. Any Interested Party may file a protest. In order to be timely, a protest must be submitted, in writing, to the Finance Department no later than 5:00 p.m. on the tenth calendar day after the date that the notice of intent to award was sent and the procurement file was made available for public inspection by the Purchasing Supervisor.

An Interested Party may request an extension of the time limit for filing a protest by submitting in writing a request for extension for good cause. The Finance Director shall approve or deny the request in writing. If the extension is approved, a new date for submission should be determined. Protests that are not submitted in a timely manner to the Finance Director shall be rejected.

A protest shall contain all of the following (failure to provide any of the following is grounds for the Finance Director to reject a submitted protest):

1. Name, mailing address and telephone number of the Interested Party;
2. Identification of the solicitation or contract giving rise to the protest;
3. A detailed statement of the legal and factual grounds of the protest including

copies of relevant documents;

4. The signature of the Interested Party or the Interested Party's representative;
and
5. The form of relief requested.

B. The Finance Director shall not consider a protest unless the protest contains facts and evidence that, if true, would establish one or more of the following:

1. A material violation of the issued solicitation;
2. A material violation of this Section;
3. A failure to correctly apply the criteria set forth in the solicitation;
4. A failure to correctly apply or calculate the scoring of responsive proposals that were not rejected by either the evaluation committee or the Purchasing Supervisor; and/or
5. A bias exercised by one or more of the evaluation committee members or the Purchasing Supervisor in the solicitation process, excluding a bias that arose during the evaluation process due to how well one or more proposals met the criteria established in the solicitation.

C. The Finance Director shall not consider a protest if:

1. The protest is based on a rejection by the evaluation committee or the Purchasing Supervisor for failure to conform in all material respects to the requirements of the issued solicitation or other reasonable grounds set forth by the evaluation committee or the Purchasing Supervisor; or
2. The protest is based on a rejection by the Purchasing Supervisor for failure to attend a mandatory pre-proposal conference.

D. If the Finance Director determines that a protest is timely and otherwise complies with this Section and other applicable law, the Finance Director shall:

1. Dismiss the protest without holding a hearing and issue a corresponding written dismissal if the Finance Director determines that the facts and/or evidence in the protest, even if true, are insufficient to uphold the protest;
2. Uphold the protest without holding a hearing and issue a corresponding written decision if the Finance Director determines that the undisputed facts of the protest establish that the protest should be upheld; or

3. Hold a hearing on the protest if there are genuine issues of fact or law that need to be resolved in order to determine whether the protest should be denied or upheld, and, subsequently, issue a written decision in response to the protest.
- E. If the Finance Director dismisses or denies a protest pursuant to this section or other applicable law, Yavapai County may enter into a contract with the vendor who was issued the applicable notice of intent to engage in contract negotiations.

If the Finance Director upholds a protest, the Finance Director shall also determine how Yavapai County shall proceed regarding the issued solicitation, including, but not limited to, directing the evaluation committee or the Purchasing Supervisor to engage in the evaluation process once again with specific directions to engage in or omit certain actions, re-issue the solicitation, or cancel the solicitation.

The Finance Director shall promptly issue a written decision regarding any protest and disseminate the written decision by mail, email, or otherwise furnish a copy of the written decision to the protestor. A protestor may not file an action, appeal, or otherwise, regarding a written decision issued by the Finance Director in response to a protest with any appeals panel, court, or any other forum.

Notwithstanding anything in this Section to the contrary, Yavapai County and the protestor may settle a protest by mutual agreement.

SPECIAL PROVISIONS

1. **Proposal.** All proposals shall be made in accordance with Instructions for Bidding included in the contract documents. Yavapai County will not be responsible for those bids submitted that are not marked appropriately and/or sent to the wrong address. Failure to include all required documents may invalidate the bid. Prices shall include all applicable taxes.
2. **Contract Length.** This call for bids is for awarding fixed price contract(s) to cover a one (1) year period.
3. **Option to Renew.** This contract may be renewed for a period from one month up to a maximum of two (2), one (1) year options, with the approval of the Yavapai County Board of Supervisors and the vendor. The vendor shall be notified by Contract Administration of the County's intention to renew the contract period.
4. **Language for Requirements Contracts.** Vendors signify their understanding and agreement by signing this document, that the contract resulting from this bid or proposal will be a requirements contract. However, this contract does not guarantee that any purchases will be made. It only indicates that if purchases are made for the commodities or services contained in this contract, that they will be purchased from the awarded vendor(s). Orders will be placed when a need is identified by a using agency or department and proper authorization and documentation have been approved. Vendor must respond to Yavapai County within 72 hours of being contacted for work/materials in compliance with this contract; otherwise, the next highest bidder will be contacted.
5. **Unconditional Termination for Convenience.** Yavapai County may terminate the resultant agreement for convenience by providing sixty (60) calendar days' advance notice to the vendor.
6. **Termination for Default.** If a vendor fails to meet deadlines or fails to provide the agreed upon service/material altogether, a termination for default may be issued. The termination for default will be issued only after it is deemed by the County that the vendor has failed to remedy the problem after being forewarned.
7. **Termination by the County.** If a vendor should be adjudged bankrupt or should make a general assignment for the benefit of its creditors, or if a receiver should be appointed on account of its insolvency, the County may terminate this agreement. If the vendor should persistently or repeatedly refuse or should fail, except in cases for which extension of time is provided, to provide enough properly skilled workers or proper materials, or persistently disregards laws and ordinances, or not proceed with work or otherwise be guilty of a substantial violation of any provision of this agreement, then the County may terminate this agreement. Prior to termination of this agreement, the County shall give the vendor

fifteen (15) calendar days' written notice. Upon receipt of such termination notice, the vendor shall be allowed fifteen calendar days to cure such deficiencies.

8. Appropriation Contingency. The vendor(s) recognize that any agreement entered into shall commence upon the day first provided in full force and effect until termination in accordance with its provisions. The vendor(s) and the County herein recognize that the continuation of any contract after the close of any given fiscal year of the County, which fiscal years end on June 30 of each year, shall be subject to the approval of the budget of the County providing for or covering such contract item as an expenditure therein. The County does not represent that said budget item will be actually adopted; said determination being the determination of the County Board of Supervisors at the time of the adoption of the budget.

9. Organization - Employment Disclaimer. The agreement is not intended to constitute, create, give rise to or otherwise recognize a joint venture agreement or relationship, partnership or formal business organization of any kind, and the rights and obligation of the parties shall be only those expressly set forth in the agreement.

The parties agree that no persons supplied by the vendor(s) in the performance of obligations under the agreement are considered to be County employees, and that no rights of County civil service, retirement or personnel rules accrue to such persons. The vendor(s) shall have total responsibility for all salaries, wages, bonuses, retirement withholdings, workers compensation, other employee benefits and all taxes and premiums appurtenant thereto concerning such persons, and shall save and hold the County harmless with respect thereto.

10. Addendums. Yavapai County may institute changes or modifications to the specifications and will notify all participants by an addendum to these specifications.

11. Incorporation of Bid into Contract. The contents of this solicitation and the selected firm(s) responses are to be incorporated into the contract.

12. Contract Compliance Monitoring. The vendor shall make available for inspection and/or copying by the County all records and accounts relating to the work performed or the services provided under this contract.

13. Validity. The invalidity, in whole or in part, of any provision of this agreement shall not void or affect the validity of any other provision of this agreement.

14. Conformation With the Law. The services provided under this contract shall be accomplished in conformity with the laws, ordinances, rules, regulation, and zoning restrictions of the United States of America, the State of Arizona, Yavapai County and any jurisdiction which may have authority.

- 15. Non-Discrimination.** The vendor in the performance of this contract will not discriminate against any employee for employment based on race, religion, sex, national origin, or disability, and shall comply with all applicable provisions of the American with Disabilities Act of 1990.
- 16. Compliance With the Immigration Reform and Control Act of 1986 (IRCA).** Vendor understands and acknowledges the applicability of the IRCA. Vendor agrees to comply with the IRCA in performing under this agreement and to permit County inspection of personnel records to verify such compliance.
- 17. Non-Collusion.** The vendor hereby certifies that neither the vendor nor its employees or associates has directly or indirectly entered into any agreement, participated in any collusion or otherwise taken any action in restraint of free competitive bidding in conjunction with this bid.
- 18. Covenant Against Contingent Fees.** The vendor warrants that no person or selling agency has been employed or retained to solicit or secure this agreement upon an agreement or understanding for a commission or percentage, brokerage, or contingent fee, excepting bonafide employees or bonafide established commercial or selling agencies maintained by the vendor for the purpose of securing business. For breach or violation of this warranty, the County shall have the right to terminate the agreement in accordance with the termination clauses, and at its sole discretion, to deduct from the agreement price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.
- 19. Statutory Right of Cancellation for Conflict of Interest.** Notice is given that pursuant to A.R.S. §38-511 the County may cancel this contract without penalty or further obligation within three years after execution of the contract, if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is at any time while the contract or any extension of the contract is in effect, an employee or agent of any other party to the contract in any capacity or consultant to any other party of the contract with respect to the subject matter of the contract. Additionally, pursuant to A.R.S. §38-511 the County may recoup any fee or commission paid or due to any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County from any other party to the contract arising as the result of the contract.
- 20. Retention of Records.** The vendor agrees to retain all financial books, records, and other documents relevant to this contract for six (6) years after final payment or until after the resolution of any audit questions which could be more than six (6) years, whichever is longer. The Department, Federal or State auditors and any other persons duly authorized by the Department shall have full access to, and the right to examine, copy and make use of any and all said materials.

- 21. Adequacy of Records.** If the vendor's books, records and other documents relevant to this contract are not sufficient to support and document that allowable services were provided, the vendor shall reimburse Yavapai County for the services not so adequately supported and documented.
- 22. Purchase Order Cancellation.** The Department reserves the right to cancel Purchase Orders within a reasonable period of time after issuance.
- 23. Rights in Data.** The County shall have the use of data and reports resulting from this contract without additional cost or other restriction except as may be established by law or applicable regulation. Each party shall supply the other party, upon request, any available information that is relevant to this contract and to the performance hereunder.
- 24. Vendor Responsibility.** The vendor will be responsible for any damages whatsoever to County property as applicable when such property is the responsibility or in the custody of the vendor, his employees or subvendors.
- 25. Subletting, Assignment and Transfer.** Subletting, assignment, or transfer of the work or proceeds of this Contract, without prior written authorization of the County, is expressly prohibited. No such authorization shall be construed to relieve the primary responsibility of the vendor for completion of the Contract or the Contract itself.
- 26. Restoration of Surfaces Disturbed by Others.** The County reserves the right to authorize the construction, reconstruction, or maintenance of any public or private utility service, or a utility service of another government agency at any time during the progress of the work. To the extent that such construction, reconstruction, or maintenance has been coordinated with the County, such authorized work (by others) is indicated as follows:
- Except as provided above, the vendor shall not permit any individual, firm, or corporation to excavate or otherwise disturb such utility services or facilities located within the limits of the work without the written permission of the County's Engineer.
- 27. Delivery.** It shall be the bidder's responsibility to meet the County's delivery requirements, as called for in the Technical Specifications. Delivery charges shall be separately listed on all invoices, quotes and sealed competitive bids in order to ensure that sales tax or use tax is not calculated on delivery charges. For all procurements, Yavapai County reserves the right to separately procure delivery services from a vendor other than the one providing the product.
- 28. Offset for Damages.** In addition to all other remedies at Law or Equity, the County may offset from any money due to the bidder any amount bidder owes to the County for damages resulting from breach or deficiencies in performance under this contract.

29. Incurring Costs. Yavapai County is not responsible for any costs incurred in preparing this bid, including the acquisition of supplies, equipment, and/or personnel.

30. Public Record. All information submitted relating to this bid, except for proprietary information, shall become part of the public record.

31. Vendor License Requirement. The bidder(s) shall be required to have a current valid license, if applicable to the trade, issued by the State of Arizona Registrar of Vendors, which is appropriate for the type of work to be performed. Bidders shall include their license number on the Bid Proposal.

32. Evaluation Criteria. The evaluation of this bid may be based on but not limited to the following:

1. Compliance with the specifications
2. Cost
3. Vendor's performance history

33. Award. This contract will be awarded to the responsible, responsive bidder(s) whose bid conforms to the invitation and whose bid is the most advantageous to the County concerning price, conformity to the specifications and other factors, and shall be for a period of one year from the date of award or from the date that any current/existing contract expires. The Board of Supervisors of Yavapai County reserves the right to reject any or all bids, to waive formalities, and to accept the bid(s) deemed to be in the best interest of Yavapai County. Past performance on County projects or other public projects will be evaluated in awarding contracts, and the County may decide to award to a contractor who is not the low bidder. DEVIATIONS FROM COUNTY SPECIFICATIONS MAY RESULT IN REJECTION OF BID.

34. Terms and Payment. Invoices shall be prepared and submitted by the 1st of each month. If not received by the 15th of the month, there will be a \$50 per day penalty until the invoice is received. Said penalty will be deducted from the pending total invoice.

Contractor understands that Yavapai County has established an Electronic Funds Transfer (EFT) program for all payments to providers of goods and services to the County and agrees to accept EFT payments in full satisfaction of the County's payment obligations pursuant to this Contract. Contractor further agrees to register for the County's EFT program within one month following the effective date of this Contract and understands that failure to comply with this registration requirement shall result in suspension of payments pursuant to this Contract until such time as the registration process is completed.

35. Inquiries. All inquiries concerning information contained herein shall be addressed to:

TECHNICAL SPECIFICATIONS: PAVEMENT MARKING

1.0 **INTENT:**

The intent of these specifications is to obtain source(s) for PAVEMENT MARKING as required by Yavapai County. It is expected that this contract will be awarded to multiple vendors as follows:

- A) The low responsive, responsible bidder will be awarded PAVEMENT MARKING and will perform the work as directed by the Owner. The estimated quantity of work is described per Exhibits A, B, C, D, E, F, G, H, and I.
- B) Multiple bidders will be awarded the MISCELLANEOUS PAVEMENT MARKING and will perform miscellaneous work as specified and as directed by the Owner.

1.1 The specifications and item descriptions are intended to represent items known to meet the requirements of the County.

1.2 This is a requirement type contract based on historical usage and is structured to best serve the needs of Yavapai County Engineering Division, Roads Division, Flood Control District, and other departments as required.

1.3 Each bid must be accompanied by a Proposal Guaranty in the form of a certified check, cashier's check, or surety bond in the amount of **Twenty Thousand Dollars (\$20,000.00)**, made payable to the Yavapai County Board of Supervisors.

A) Upon award of the contract, the successful bidder for the PAVEMENT MARKING will be required to furnish a Contract Performance Bond (CPB) and a Labor Materials Bond (LMB), each in the amount of **Two Hundred Thousand Dollars (\$200,000.00)**. The CPB and LMB must be received by the office of the Department of Public Works within ten (10) days of the Notice of Award.

B) The vendors awarded MISCELLANEOUS PAVEMENT MARKING will **NOT** be required to furnish a Contract Performance Bond or Labor & Materials Bond.

2.0 **SUPPORTIVE SPECIFICATIONS:**

2.1 **Rates:**

Bidders shall complete the proposal and shall present pricing data in the precise manner requested. Each bidder shall provide a unit price bid for each item required for work under this contract as identified in the bid documents. Prices shall include **all applicable** freight charges, fuel, tires, hardware, equipment, etc., and any other costs necessary to perform the work under this contract.

2.2 Permits, Licenses, and Taxes:

The vendor shall procure all permits and licenses, pay all charges, fees, and taxes, and give all notices necessary and incidental to the due and lawful prosecution of the work. It is the sole responsibility of the successful bidder(s) to ensure that all personnel employed to provide any service under this contract, including subcontractors, comply with all laws, rules, and regulations, as required by any regulatory agency, that apply to the performance of this contract.

2.3 Delivery of Services:

- A) Yavapai County will provide Contractor a spread sheet listing pavement striping and markings to be completed from Exhibits A, B, C, D, E, F, G, H, and I. It is the intent to award a minimum aggregate amount of \$200,000 for striping and marking work and additional work scheduled is at the discretion of the Public Works Director within available budgeted monies. Additional striping and marking work will be approved by additional individual listings for aggregate payment at a minimum of \$5,000.00 in accordance with bid items listed in the bidding schedule. The Contractor shall provide a tentative schedule for performance of the work detailed in the spread sheet listings to the Owner, for approval by the Public Works Director. The Contractor shall complete the work in accordance with the approved schedule. Any additions or deletions of work as requested by the Owner will require a revised schedule, to reflect added or deleted work, for approval by the Public Works Director. Exceptions may be granted in writing by the Public Works Director, upon approval of a revised schedule for performance of the remaining work.

All pavement striping and marking work listed in Exhibits A, B, C, D, E, F, G, H, and I is to be completed by November 1 of the contract year. Yavapai County intends to schedule additional work after April 1 of the contract year and will provide spread sheet listings to the Contractor when determined.

- B) The County will request delivery of services to locations as specified. The County will contact vendors in order to obtain the best selection of cost and scheduling for the County to accomplish the work. The County shall provide the vendor with at least **14 calendar days** notice prior to the desired work start date. Vendor shall schedule the work accordingly. In the event a mutually agreeable schedule cannot be reached the County reserves the right to contact another vendor.
- C) Emergencies may occur which will require urgent attention and completion within 48 hours. This work will be considered a part of this annual contract. The County will contact vendors in order to obtain the best selection of cost and scheduling for the County to accomplish the work. Vendor shall schedule the work accordingly. In the event a mutually agreeable schedule cannot be reached the County reserves the right to contact another vendor.

2.4 Work Schedule:

Except as otherwise approved in writing by the Engineer, the work shall be done during daylight hours, Monday through Friday. No work shall be done on state holidays or on weekends. The Contractor shall avoid work during "rush-hour" traffic, unless prior approval is received from the Public Works Director. Prior to commencing with any work, the Contractor shall receive written or verbal notification to proceed from Yavapai County.

2.5 Schedule Delays:

Should the County and the vendor arrive at a mutually agreeable schedule and the vendor fails to meet the schedule, the County reserves the right to obtain services from other sources and charge back the cost differential to the originally scheduled vendor.

2.6 Additions/Deletions:

Additions and/or deletions of work made to this contract may be made. Additions of work to this contract shall be compatible with the approved schedule, and shall **NOT** be considered Miscellaneous Pavement Marking, regardless of length.

3.0 **TECHNICAL SPECIFICATIONS:**

3.1 Description:

- A) The work shall consist of furnishing all materials, labor, and equipment for the purpose of applying yellow and/or white traffic paint with reflective glass beads, preform tape and thermal plastic at locations specified by the Owner's Engineer on roadways in Yavapai County, in accordance with the Arizona Department of Transportation (ADOT) Standard Specifications for Road and Bridge

Construction, Revised Edition 2003, and all subsequent revisions thereto, The Manual on Uniform Traffic Control Devices (MUTCD), Part 6, U.S. Department of Transportation, Federal Highway Administration, 2003, and all subsequent revisions thereto, and as directed by the Owner.

The work under this contract may also consist of striping obliteration, at the direction of the Owner, to correct existing striping which is deemed deficient by the Owner. This work will be considered Miscellaneous Pavement Marking and will be performed in accordance with the specifications and paid for at the unit price bid for the Annual Contract for Miscellaneous Pavement Marking for Striping Obliteration.

- B) The work shall consist of furnishing all materials, labor, and equipment for the purpose of applying yellow and/or white traffic paint with reflective glass beads, pre-form tape and thermal plastic at locations specified by the Owner's Engineer on roadways in Yavapai County, in accordance with the Arizona Department of Transportation (ADOT) Standard Specifications for Road and Bridge Construction, Revised Edition 2000, and all subsequent revisions thereto, The Manual on Uniform Traffic Control Devices (MUTCD), Part 6, U.S. Department of Transportation, Federal Highway Administration, 2003, and all subsequent revisions thereto, and as directed by the Owner.

The work will also consist of furnishing all materials, labor, and equipment for the purpose of installing raised and/or recessed pavement markers in accordance with ADOT standards.

The work will also consist of furnishing equipment, labor, and collection containers for the obliteration of pavement marking materials, through grind out, hydro blasting or a method approved by the Owner's Engineer. The Contractor shall collect all debris from the obliteration process and dispose of the debris.

The work will also consist of furnishing all materials, labor, and equipment for installation of preformed plastic symbols, legends, and appropriate adhesive.

The work will also consist of furnishing all materials, labor, and equipment for installation of thermal plastic stop bars and cross-walks.

The work will also consist of labor for the performance of miscellaneous pavement marking activities such as, but not limited to, physical layout for installation of new pavement markings, and the painting of median bullnoses.

The work may also consist of Emergency Response Work in which urgent attention and completion within 48 hours is required.

During the term of this agreement, there may be special projects not within the scope of work which the Contractor may be asked to do. These will be done upon approval and at a mutually agreed upon written pricing.

3.2 Locations of Work:

A list of proposed striping and marking work required by Yavapai County is identified in Exhibits A, B, C, D, E, F, G, H, and I. Potential bidders are encouraged to visit the sites of the proposed work to make determinations of scope of paint marking to be completed, traffic control requirements, and requirements for maintaining integrity of the markings until released to traffic. The Contractor shall provide a tentative schedule for performance of the work for approval by the Public Works Director. The Contractor shall complete the work in accordance with the approved schedule.

3.3 Material:

All materials shall be in accordance with the ADOT Standard Specifications unless otherwise specified. All paint materials shall comply with ADOT Standard Specifications, in particular, Section 708-2.01. Traffic paint shall be water borne with the yellow being lead-free. Glass beads shall conform to ADOT specifications, Section 708-2.01. All preformed tape materials shall be in accordance with Section 705 of ADOT Standard Specifications. All thermal plastic materials shall be in accordance with Section 704 of ADOT Standard Specifications. Crafc0 bituminous adhesive or equivalent is approved for raised pavement marker installation. Certificates of compliance will be required when requested. Request for use of substitute materials shall be submitted to the Owner's Engineer for approval.

All materials required to complete the work in accordance with these specifications shall be included in the unit price bid.

3.4 Application and Tolerances:

Pavement markings shall be applied when the pavement surface is clean and dry when the weather is not foggy, rainy, or otherwise adverse to the application of paint or other material. All existing pavement markings shall require sweeping with a self propelled mechanical broom prior to paint application to remove material detrimental to pavement marking. This sweeping work shall be performed by the Contractor to the acceptance of the Engineer prior to any pavement marking application. No extra payment will be made for sweeping work and costs associated to this work shall be considered incidental to pay items listed in the Bidding Schedule. Application of pavement markings shall be done by personnel who are experienced in this work. In all cases, pavement markings shall be placed in accordance with Section 708 of ADOT Standard Specifications, and as modified herein, and in accordance with MUTCD.

1. Tolerance for Application of Paint and Beads

- A. The finished pavement markings and lines shall be smooth, aesthetically acceptable, and free from undue waviness. The end of the markings and lines shall be square and free from splatter, dribble, or trailings. Rework will be required for pavement markings applied below these standards.
- B. Centerlines and edgelines shall be 4" wide or 6" wide. White channelizing lines for left turn bays shall be 8" wide. Line width variation more than 1/4" shall require reduction in pay or rework, if necessary.
- C. Painted pavement markings and lines shall be installed at 16 mils wet film thickness or at a minimum rate of 300 LF per Gallon. The inspector shall perform spot checks for wet mil thickness compliance and require inspection of quantities of materials when desired. Rework will be required for pavement markings applied below these standards.

- D. The space or gap between double yellow lines shall be 4" clear. A reduction in pay or rework will be required for a gap less than 3.75" or more than 4.25".
- E. Glass reflectorized beads shall be applied on the wet paint at a minimum rate of six pounds to each gallon of paint. All painted lines are to receive glass beads at this rate. Any line discovered to have been applied without glass beads shall be re-stripped by the Contractor within 24 hours.

Any error in striping pattern deemed by the Owner's Engineer to be the responsibility of the Contractor shall be corrected by the Contractor, at the Contractor's expense, using approved methods, including obliteration as necessary, as determined by the Owner.

2. Tolerances for the Installation of Raised / Recessed Pavement Markers

Installation of raised / recessed pavement markers may be required on various projects. The Contractor shall furnish materials, equipment and labor needed for the installation. All raised / recessed pavement markers will be installed per ADOT Standard Specifications. Standard Crafco adhesive or equivalent is required. Installation shall be on a clean, dry surface. Markers installed not in conformance with ADOT specifications shall be removed and reinstalled at the Contractor's expense. Damaged markers due to negligence will be replaced at the Contractor's expense.

3. Tolerances for Striping Obliteration

Striping requiring obliteration shall be removed using approved methods with as little pavement damage as possible. The use of black paint is not permitted. Contractor shall collect all debris from the obliteration process and dispose of the debris.

4. Tolerances for the Installation of Preformed Plastic

Rolled or cut preformed plastic symbols, legends, and appropriate adhesive will be required for installation at specific locations by the Contractor. The materials required may be supplied by Yavapai County for various locations. All personnel performing this work shall be experienced with the installation of this material. Specific drawings outlining the work will be supplied by Yavapai County.

The installation is to be conformance with manufacturer's guidelines. Damaged material due to Contractor's negligence will be replaced at the Contractor's expense.

5. Tolerances for the Installation of Thermal Plastic

All transverse markings (stop bars and cross-walks) will be installed using thermal plastic in conformance with Section 704 of ADOT Standard Specifications.

3.4 Equipment:

The Contractor shall maintain, during the entire period of the contract, equipment sufficient in operational conditions and capacity to efficiently perform the work and services required by this contract. Downtime due to equipment failure shall not exceed one day. If an excess of one day down time occurs, the Contractor shall notify the Engineer of the problem and estimated downtime. Yavapai County reserves the right, if more than one day of downtime occurs, to have roads striped which are deemed essential by the Owner's Engineer. Any additional cost over the contract amount will be charged to the Contractor.

The minimum equipment required shall include:

1. One self-propelled pavement marking machine capable of a 4" and 6" clear cut line or lines and a clear cut 8" line. The machine shall be equipped with a glass bead dispenser controlled by the spray gun mechanism.
2. The self propelled pavement marking machine shall be equipped with a mechanical device, capable of placing a broken reflectorized line with a 10 foot painted segment and a 30 foot gap.
3. The self propelled pavement marking machine shall be equipped with devices capable of measuring the actual painted lines in lineal feet as the spray guns are engaged.
4. The self propelled pavement marking machine shall be equipped with amber flashing warning lights.
5. All vehicles and equipment shall conform to federal, state, and occupational safety and health laws, rules, and regulations.
6. A shadow vehicle equipped with amber flashing warning lights may be required to protect the fresh line from tracking.

All equipment is subject to approval by the Public Works Director.

The Contractor will provide his own yard for parking, maintenance and storage of all equipment.

3.5 Labor:

The Contractor shall provide a crew (2 persons minimum, 3 persons typical), as requested by Yavapai County, to perform physical layout on roads where striping has been obliterated or new striping to be installed, or other related work. The labor charge shall be per crew member and shall include transportation to and from the job site. A Yavapai County inspector may direct the activities of the crew. Accrued time for payment shall begin when the crew arrives at the work site at the time directed by the County and ends at the work site, at the close of the work day or as directed by the County. No down time, stand by, or lunch breaks will be paid. The approved accrued hours for each laborer at the unit price bid shall be the basis for payment.

With each invoice the Contractor shall submit the signed inspectors form, and a statement verifying that all employees performing work under this contract have received total compensation earned in reference to the submitted invoice. The submitted request for payment document shall be for hours worked plus units installed and shall not include any portal to portal costs. Additional payment for transporting crews or materials to a job site shall be as directed and pre-approved by the Owner, and shall be at the discretion of the Owner.

3.6 Traffic Control:

All work under this contract shall include furnishing all equipment, labor, and materials necessary for Traffic Control in accordance with MUTCD, Part 6. The Contractor will be required to submit site specific Traffic Control Plans to the Engineer for approval prior to beginning work. Traffic Control shall be considered incidental to the items listed in the Bidding Schedule and no additional payment will be made for Traffic Control. Additionally, Traffic Control shall include signs warning motorists of “Wet Paint” and “Road Striping Ahead”, which shall be placed in advance of each job to warn motorists. Placement of signs shall conform to the MUTCD, Part 6. Placement of cones on lines is recommended. The Contractor is responsible for Traffic Control until paint is dry.

The Contractor shall provide all necessary traffic control devices and/or personnel and equipment required to divert traffic from the work until sufficient curing of paint to prevent tracking or displacement of painted markings. At his expense, the Contractor will be responsible to obliterate all markings tracked or displaced onto adjacent pavement due to traffic access prior to sufficient curing of paint. Rework may also be required.

3.7 Mobilization:

Mobilization for all work under this contract shall be in accordance with Section 901 of ADOT Standard Specifications and as modified herein. All mobilization shall be considered incidental and shall be considered as included in the price of the contract pay items listed in the Bidding Schedule.

3.8 Cleanup:

The work area will be cleaned immediately following completion of the work at each location, to the satisfaction of the Engineer.

4.0 **MEASUREMENT AND PAYMENT:**

Measurement and payment for the various items in the bid shall be made at the unit price bid and shall be full compensation for furnishing all materials, labor, tools, equipment, sweeping, traffic control and appurtenances necessary to complete the work in a satisfactory manner, as specified. No additional payment will be made for any item unless specifically called for in the bid. It is the intent of the Owner to compensate the bidder on the basis of the unit price bid as described in these specifications.

- 4.1 Pavement marking paint shall be measured by the linear foot along the center of the stripe. Skips in dashed lines will not be included in the measurement. Length of pavement markings will be based on 4" wide stripes; 6" wide stripes will be considered one and one-half 4" wide stripes; and 8" wide stripes will be considered two 4" wide stripes. The Contractor shall provide the Owner with the total linear feet of markings installed per road on a daily basis. Payment will be made at the contract price per linear foot of 4" wide stripe for the total length of painted lines applied to the nearest foot. A deduction of payment will be made for pavement marking paint which is determined by the Owner to be less than 4" wide.
- 4.2 Raised pavement markers shall be measured on a unit installed basis. Payment will be made at the contract unit price per each unit installed.
- 4.3 Recessed pavement markers shall be measured on a unit installed basis. Payment will be made at the contract unit price per each unit installed.
- 4.4 Installation of Preformed Plastic symbols, legends and adhesive shall be measured on a unit supplied and installed basis (Contractor supplying materials), and on a unit installed only basis (Owner supplying materials).
- 4.5 Striping obliteration shall be on a 4" line obliteration basis similar to the installation of pavement marking paint. Payment will be made at the contract unit price per linear foot of 4" wide stripe for the total length of obliterated lines.
- 4.6 Labor charges for layout, etc. shall be measured on an hourly rate per crewmember basis. Payment will be made at the contract price per hour per crewmember, as approved by the Owner.
- 4.7 Special projects will be paid for at the agreed upon pricing.

- 4.8 A) All mobilization/ mileage for this contract shall be considered incidental and shall be considered as included in the price of the contract pay items.
- B) Mobilization/mileage charges for this contract will be made at the contract unit price per mile from the Prescott Roads Department to the job site or from the Camp Verde Roads Department to the job site, whichever is closer.
- C) For work required under Emergency Response Work, within 48 hours, the vendor will be allowed to charge a mobilization at the unit price bid, in addition to the mileage charge at the contract unit price bid.

4.9 Invoices:

The Contractor shall provide invoices to the Owner on a monthly basis, including two (2) copies of each approved work report and in a format specified by the Owner's Engineer. Payment will be made only after completion and acceptance of the work performed, receipt of supporting invoices, and approval by the Owner. See Special Provisions for specific requirements.

The Contractor shall report daily to the Owner's Engineer, the total number of lineal feet of markings applied and the location of the completed work. Upon notification, the Owner's Engineer will conduct a final inspection. Work found to be in conformance with the contract shall be accepted and scheduled for payment. Work not in conformance shall be corrected by the Contractor. Payment for non-conforming work will be held until such time as the work is brought into conformance and accepted by the Owner's Engineer.

5.0 **ADDITIONAL PROVISIONS:**

5.1 Rejection of Work:

The County, or its authorized representative may reject the work if in his opinion the work is not performed in a suitable manner. Rejection of unsuitable work shall be at the sole discretion of the Owner, or his authorized representative.

5.2 Guaranty of Work:

The Contractor shall guarantee that workmanship and work performed pursuant to this agreement comply with the specifications herein and conform with the generally accepted procedures, practices and methods that are appropriate for the services provided, as well as all applicable Federal, State and County laws and regulations.

Additionally, the Contractor shall guarantee all work against any defects due to faulty materials or workmanship for a period of one year from the date of final inspection and acceptance of each project. The Owner shall give notice of observed defects with reasonable promptness. Any omission on the part of the Owner to condemn defective

work at any time of construction or final inspection shall not be deemed an acceptance and the work shall remain under guarantee for a period of one year thereafter.

Any defective workmanship or materials discovered shall be corrected at no expense, and to the satisfaction of Yavapai County. In the event that the Contractor fails to correct the defective work, the County reserves the right to have the work corrected and charge back the cost to the Contractor.

5.3 Complaints:

Any and all complaints and/or requests for damages shall be the responsibility of the Contractor. The Contractor is responsible for satisfactory removal of pavement Marking from motorists' vehicles if the occurrence was at a location that was under the Contractor's control, and was due to Contractor negligence. Such paint removal must be done at no expense to the motorist or the County. The Contractor shall designate a contact person, telephone number, address, and complaint procedures for complaints referred by the County, prior to beginning operations.

*** BIDDERS ARE NOT REQUIRED TO BID ON ALL ITEMS ***

CONTRACT

THIS AGREEMENT, made and entered into this _____ day of _____, **2025**, by and between the **COUNTY OF YAVAPAI**, State of Arizona, acting by and through its Board of Supervisors, hereinafter designated the COUNTY, and _____, hereinafter designated the CONTRACTOR. This contract will be in effect from January 1, 2026, to December 31, 2026.

WITNESSETH: That the Contractor by these presents does covenant, contract and agree with the County, for and in consideration for the payments made as provided for in the Specification and in the Proposal, to the Contractor by the County, at his proper cost and expense to do all the work and furnish all materials, tools, labor, and all appliances and appurtenances called for by this agreement free from all claims, liens, and charges whatsoever, in the manner and under the conditions hereinafter specified, that are necessary for **PAVEMENT MARKING IN YAVAPAI COUNTY, ARIZONA – CONTRACT #2535977**. The work done and materials and equipment furnished shall be strictly pursuant to and in conformity with the Specifications and Plans. The specifications and drawings furnished by the Contractor with his proposal, and the additional drawings or prints and other information furnished by the Contractor in accordance with the Specifications, are made a part of this agreement. The said Specifications and Plans prepared by the Yavapai County Engineer, Prescott, Arizona, for the said County of Yavapai are intended to be complimentary therewith. Any work appearing in or upon the one and not mentioned in the others shall be executed according to the true intent and meaning of said Specifications and Plans, drawings or prints, the same as though the said work was contained and described in all.

The "Project Provisions and Specifications", "Subcontracting Certification", "Proposal", "Plans" and "Addenda" thereto, if any, are by this reference made a part of this contract to the same extent as if set forth herein in full.

It is further covenanted and agreed that the work shall be executed under the direction and supervision of the Engineer of the County of Yavapai, or his properly authorized agents, on whose inspection all work shall be accepted or rejected. The said Engineer shall have full power to reject or condemn all materials furnished or work performed under this contract, which do not conform to the terms and conditions herein expressed.

In the event said Engineer exercises his right to reject work and the deficiency is not corrected, a notice of noncompliance shall be issued to the Contractor. Payment may be withheld on account of defective work not remedied. All claims or disputes arising out of this contract or the breach of it may be decided by arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association.

Contractor hereby warrants that it will at all times during the term of this Contract comply with all federal immigration laws applicable to Contractor's employment of its employees, and with the requirements of A.R.S. §23-214(A) (together the "State and Federal Immigration Laws").

Contractor shall further ensure that each subcontractor who performs any work for Contractor under this contract likewise complies with the State and Federal Immigration Laws.

Contractor agrees and warrants that County shall have the right at any time to inspect the books and records of Contractor and any subcontractor in order to verify such party's compliance with the state and federal immigration laws. Contractor agrees that any act by the Contractor or subcontractor that result in the impediment or denial of access of the books and records of Contractor or subcontractor shall be a material breach of the Contract on the part of the Contractor.

Nothing herein shall make Contractor or subcontractor an agent or employee of the County. Nothing herein shall act to establish privity of contract between the County and any subcontractor. Any breach of Contractor's or any subcontractor's warranty of compliance with the State and Federal Immigration Laws, or of any other provision of this section, shall be deemed to be a material breach of this Contract subjecting Contractor to penalties up to and including suspension or termination of this Contract. If the breach is by a subcontractor, and the subcontract is suspended or terminated as a result, Contractor shall be required to take such steps as may be necessary to either self-perform the services that would have been provided under the subcontract or retain a replacement subcontractor, subject to County approval as soon as possible so as not to delay project completion.

Contractor shall advise each subcontractor of County's rights, and the subcontractor's obligations, under this Article by including a provision in each subcontract substantially in the following form:

"Subcontractor hereby warrants that it will at all times during the term of this contract comply with all federal immigration laws applicable to subcontractor's employees, and with the requirements of A.R.S. §23-214(A). Subcontractor further agrees that County may inspect the subcontractor's books and records to ensure that subcontractor is in compliance with these requirements. Any breach of this paragraph by subcontractor will be deemed to be a material breach of this contract subjecting subcontractor to penalties up to and including suspension or termination of this contract."

Any additional costs attributable directly or indirectly to remedial action under this Article shall be the responsibility of Contractor.

This contract is subject to cancellation pursuant to A.R.S. §38-511.

In return for the performance of this contract by the Contractor, the County agrees to pay the amount **PER THE PROPOSAL** through a payment schedule as described in the contract documents and as may be modified and executed by change orders and by final quantities. Contractor understands that Yavapai County has established an Electronic Funds Transfer (EFT) program for all payments to providers of goods and services to the County and agrees to accept EFT payments in full satisfaction of the County's payment obligations pursuant to this Contract. Contractor further agrees to register for the County's EFT program within one month following the effective date of this Contract and understands that failure to comply with this registration requirement shall result in suspension of payments pursuant to this Contract until such time as the registration process is completed.

Indemnification. To the fullest extent permitted by law, Contractor (as “Indemnitor”) hereby agrees to defend, indemnify, and hold harmless Yavapai County and its departments, agencies, officers, officials, agents, employees, and volunteers (hereinafter referred to as “Indemnatee”) from and against any and all claims, actions, liabilities, damages, losses, or expenses (including, but not limited to, court costs, attorneys’ fees, and costs of claim processing, investigation and litigation) (hereinafter referred to as “Claims”) for bodily injury or personal injury (including death), or loss or damage to tangible or intangible property caused as a direct or indirect result of any acts or omissions of Contractor or any of its owners, officers, directors, agents, employees, or subcontractors, regardless of whether or not such Claims are caused in part by a Party indemnified hereunder. This indemnity includes, but is not limited to, any claim or amount arising out of, or recovered under, the Workers’ Compensation Law or arising out of the failure of such Contractor to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. It is agreed that Contractor will be responsible for primary loss investigation, defense, and judgment costs where this indemnification is applicable. Contractor shall not be obligated to defend Indemnatee against any Claims or indemnify Indemnatee resulting solely from the negligence or willful misconduct of Indemnatee and not in any way resulting from any act or omission of Contractor or anyone directly or indirectly employed by Contractor or anyone for whose acts Contractor may be liable. Contractor agrees to waive all rights of subrogation against Yavapai County, its departments, agencies, officers, officials, agents, employees, and volunteers for losses arising from the work performed by Contractor for Yavapai County. This indemnification shall survive the termination of this Agreement. If this Contract is subject to the limitations of A.R.S. §§ 34-226 or 41-2586, the agreement to indemnify, defend and hold harmless shall not be construed to require more indemnification than is allowed by those statutes.

Written Certification Pursuant to A.R.S. §35-393.01. If Contractor engages in for-profit activity and has 10 or more employees, and if this Contract has a value of \$100,000 or more, Contractor certifies it is not currently engaged in and agrees for the duration of this Contract to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. §4842 or a regulation issued pursuant to 50 U.S.C. §4842.

Written Certification Pursuant to A.R.S. §35-394 Contractor certifies that Contractor does not currently, and agrees for the duration of the contract that it will not, use: 1) the forced labor of ethnic Uyghurs in the People’s Republic of China; 2) any goods or services produced by the forced labor of ethnic Uyghurs in the People’s Republic of China; and 3) any contractors, subcontractors or suppliers that use the forced labor or any goods or services produced by the forced labor of ethnic Uyghurs in the People’s Republic of China. If Contractor becomes aware during the term of the contract that the company is not in compliance with the written certification, the company shall notify the County within five business days after becoming aware of the noncompliance. If the Contractor does not provide the County with a written certification that the Contractor has remedied the noncompliance within 180 days after notifying the County of the noncompliance, this Contract terminates, except that if the contract termination date occurs before the end of the remedy period the Contract terminations on the Contract termination date.

Authority to Contract – Any individual executing this Agreement represents and warrants that such person is authorized to do so, and that upon executing this Agreement, this Agreement shall be legally binding and enforceable in accordance with its terms upon the party for whom such person is acting.

IN WITNESS WHEREOF, two (2) identical counterparts of this contract, each of which shall for all purposes be deemed an original thereof, have been duly executed by the parties named, on the date and year first herein written.
