**Debra K. Davenport**  
Auditor General

The **Auditor General** is appointed by the Joint Legislative Audit Committee, a bipartisan committee composed of five senators and five representatives. Her mission is to provide independent and impartial information and specific recommendations to improve the operations of state and local government entities. To this end, she provides financial audits and accounting services to the State and political subdivisions, investigates possible misuse of public monies, and conducts performance audits of school districts, state agencies, and the programs they administer.

The Auditor General's reports are available at:

**[www.azauditor.gov](http://www.azauditor.gov)**

Printed copies of our reports may be requested by contacting us at:

**Independent Auditors' Report on Internal Control over Financial Reporting and  
on Compliance and Other Matters Based on an Audit of Basic Financial  
Statements Performed in Accordance with *Government Auditing Standards***

Members of the Arizona State Legislature

The Board of Supervisors of  
Yavapai County, Arizona

We have audited, in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and aggregate remaining fund information of Yavapai County as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated March 30, 2016.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's basic financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Findings and Questions Costs as item 2015-01, that we consider to be a significant deficiency.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's basic financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Yavapai County Response to Findings**

Yavapai County's response to the finding identified in our audit is presented on pages 17 through 19. The County's response was not subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion on it.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

AUDITOR GENERAL

MELANIE M. CHESNEY  
DEPUTY AUDITOR GENERAL

**Independent Auditors' Report on Compliance for Each Major Federal Program; Report on Internal Control over Compliance; and Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133**

Members of the Arizona State Legislature

The Board of Supervisors of  
Yavapai County, Arizona

**Report on Compliance for Each Major Federal Program**

We have audited Yavapai County's compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015. The County's major federal programs are identified in the Summary of Auditors' Results section of the accompanying Schedule of Findings and Questioned Costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

***Auditors' Responsibility***

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

***Basis for Qualified Opinion on the Maternal and Child Health Services Block Grant to the States Program***

As described in the accompanying Schedule of Findings and Questioned Costs, the County did not comply with requirements regarding the Maternal and Child Health Services Block Grant to the States

program CFDA No. 93.994, as described in item 2015-101, for the allowable costs/cost principles compliance requirements. Compliance with such requirements is necessary, in our opinion, for the County to comply with the requirements applicable to that program.

### ***Qualified Opinion on the Maternal and Child Health Services Block Grant to the States Program***

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, Yavapai County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the Maternal and Child Health Services Block Grant to the States program for the year ended June 30, 2015.

### ***Unmodified Opinion on Each of the Other Major Federal Programs***

In our opinion, Yavapai County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs identified in the Summary of Auditors' Results section of the accompanying Schedule of Findings and Questioned Costs for the year ended June 30, 2015.

Yavapai County's response to the noncompliance finding identified in our audit is presented on pages 17 through 19. The County's response was not subjected to the auditing procedures applied in the audit of compliance, and accordingly, we express no opinion on it.

### **Report on Internal Control over Compliance**

The County's management is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified certain deficiencies in internal control over compliance, as described in the accompanying Schedule of Findings and Questioned Costs as items 2015-101, 2015-102, and 2015-103, that we consider to be material weaknesses.

Yavapai County's responses to the internal control over compliance findings identified in our audit are presented on pages 17 through 19. The County's responses were not subjected to the auditing procedures applied in the audit of compliance, and accordingly, we express no opinion on them.

### **Purpose of this Report**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

### **Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133**

We have audited the financial statements of the governmental activities, each major fund, and aggregate remaining fund information of Yavapai County as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated March 30, 2016, that contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming our opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of the County's management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, based on our audit, the procedures performed as described previously, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

See accompanying notes to schedule.

Yavapai County  
Notes to Schedule of Expenditures of Federal Awards  
Year Ended June 30, 2015

Note 1 - Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards includes Yavapai County's federal grant activity and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

The amount reported on the schedule for the National School Lunch Program (10.555) includes \$15,835 of noncash assistance.

Note 2 - Catalog of Federal Domestic Assistance (CFDA) Number

The program titles and CFDA numbers were obtained from the federal or pass-through grantor or the 2015 *Catalog of Federal Domestic Assistance*. When no CFDA number had been assigned to a program, the two-digit federal agency identifier and the federal contract number were used.

Yavapai County  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2015

Financial Statement Findings

**2015-01**

---

**The County should establish policies and procedures for preparing its financial statements**

---

Criteria: The County's Governing Board and management depend on accurate information to fulfill their oversight responsibilities and to report accurate information to the public and agencies from which the County receives funding. Accordingly, the County's internal controls should include policies and procedures to help ensure that it prepares an accurate *Comprehensive Annual Financial Report* in accordance with generally accepted accounting principles.

Condition and context: The County's Department of Finance did not accurately compile and thoroughly review its financial statements, note disclosures, schedules, and other information supporting the financial statements. As a result, the County did not consistently follow GAAP when preparing its financial statements, note disclosures, and Required Supplementary Information (RSI). For example, auditors noted that the County did not properly report the net pension liability, and certain revenue and expenses related to pensions in its financial statements, note disclosures, and RSI. Further, the pension note disclosures and RSI contained numerous errors.

Effect: Without a detailed review, the County's *Comprehensive Annual Financial Report* could omit important and required information or contain other misstatements. The County adjusted its financial statements, notes, and other reported information within the *Comprehensive Annual Financial Report* to report the correct amounts and information.

Cause: The County lacked comprehensive written policies and procedures needed to accurately prepare and perform a thorough review of its *Comprehensive Annual Financial Report*.

Recommendation: To help ensure that the financial statements are accurate and prepared in accordance with generally accepted accounting principles, the County should:

- Develop and follow comprehensive written procedures for compiling and presenting financial data within the financial statements, note disclosures, and RSI including detailed instructions for obtaining information not readily available from the accounting system, but necessary for financial statement preparation.
- Allocate the appropriate resources and monitor and enforce completion dates for compiling, preparing, and reviewing the *Comprehensive Annual Financial Report* and supporting schedules.
- Train other employees in financial reporting responsibilities.
- Have an appropriate employee who did not prepare the financial statements review them and the accompanying note disclosure and RSI. The reviewer should make sure that the amounts are accurate and properly supported and the financial statements are presented in accordance with generally accepted accounting principles.

---

Criteria: In accordance with 2 Code of Federal Regulations (CFR) §225, Appendix B, Section 8.h, the County should maintain records that certify or confirm on an after-the-fact basis that employee compensation charged to the federal program represents a reasonable distribution of employees' actual time and effort worked on the program.

Condition and context: The County's Health Department (Department) spent a total of \$404,388 in salaries and wages for the Maternal and Child Health Services Block Grant to the States (MCHS). For 21 of 54 payroll transactions tested, the County did not complete time and effort reports or perform other procedures to verify that payroll charged to the program was accurate.

Effect: The Department may have charged inappropriate payroll costs to the program. It was not practical to extend our auditing procedures to determine questioned costs, if any, that may have resulted from this finding.

Cause: The County did not have policies and procedures to ensure that all employees complete the appropriate time and effort reports to ensure that salaries and wages reflect the actual time spent working on the program.

Recommendation: The County should develop and implement policies and procedures for all payroll transactions charged to the program that include a requirement to complete time and effort reports or perform other procedures to verify that payroll charged to the program was accurate.

---

Criteria: In accordance with 45 CFR §75.303(a), effective internal controls must be maintained over federal awards to provide reasonable assurance that the County is managing its awards in compliance with program rules and regulations.

Condition and context: The County did not follow its policies and procedures to review its quarterly financial reports, annual financial report, and special report submitted during fiscal year 2015. Specifically, the County did not retain documentation to support that a review had taken place to ensure the reports' accuracy and completeness.

Effect: The County may report inaccurate information on financial and special reports submitted to the federal grantor. This finding did not result in questioned costs because the reports were not used to request federal expenditure reimbursement.

Cause: The County did not follow procedures to ensure that the information in the financial and special reports were reviewed.

Recommendation: The County should follow its policies and procedures to review all reports to ensure that the information reported is accurate, complete, and supported by the County's financial and medical records and retain evidence of such approval.

| <b>CFDA No. and Name:</b>       | 20.106 <b>Airport Improvement Program</b>                       |
| <b>Award Numbers and Years:</b> | 3-04-0033-022-2014, September 4, 2014 through September 4, 2015 |
| <b>Federal Agency:</b>          | <b>Department of Transportation</b>                             |
| <b>Compliance Requirement:</b>  | Special Tests and Provisions                                    |
| <b>Questioned Costs:</b>        | None  |

---

Criteria: In accordance with 49 U.S. Code §47112, the County's Public Works Department (Department) must have internal control policies and procedures to ensure that all contractors and subcontractors awarded more than \$2,000 in federal monies for an airport development project paid minimum wage rates as determined by the U.S. Secretary of Labor.

Condition and context: During fiscal year 2015, the Department had a vendor that maintained and monitored compliance with the wage requirements and certified payroll. However, the Department did not review the certified payroll to ensure that the wage requirements were actually met or that all certified payroll was received.

Effect: The Department could not demonstrate that it had fully complied with the wage rate requirements. This finding did not result in questioned costs as auditors were able to review the certified payroll the vendor maintained and verify that wage requirements were met and all certified payroll was received.

Cause: The Department did not have adequate policies and procedures to ensure that all contractors and subcontractors subject to wage requirements met those requirements or that all certified payroll was received.

Recommendation: The Department should develop and implement policies and procedures to ensure that it is reviewing all certified payroll to ensure that all wage requirements are being met and all certified payroll is received.

## Yavapai County Finance Department

DANIEL RUSING, CPA

FINANCE DIRECTOR

March 23, 2016

Debbie Davenport  
Auditor General  
2910 North 44<sup>th</sup> Street, Suite 410  
Phoenix, AZ 85018

Dear Ms. Davenport,

We have prepared the accompanying Corrective Action Plan as required by the standards applicable to financial audits contained in *Government Auditing Standards* and by U.S. Office of Management and Budget Circular A-133. Specifically, for each financial reporting finding, we are providing you with the corrective action planned, and for each federal award finding, we are providing you with the names of the contact people responsible for corrective action, the corrective action planned, and the anticipated completion date.

Sincerely,

Daniel Rusing  
Finance Director

Yavapai County  
Corrective Action Plan  
Year Ended June 30, 2015

Financial Statement Findings

2015-01

The County should establish policies and procedures for preparing its financial statements

Name of contact person: Daniel Rusing, Finance Director

Anticipated completion date: 6/30/2016

Yavapai County and all other governmental entities were required to implement this year the provisions of GASB Statement No. 68, Accounting and Financial Reporting for Pensions. This new GASB required us to gather complex information from all of the retirement plans that the County contributes to, utilizing various reports from various entities in various formats, and from our internal accounting and records systems. While some guidance exists currently, reporting under GASB 68 is still a work in progress, and we feel that we made a reasonable attempt to comply with the dictates of the statement and that our adjustments and disclosures were appropriate and materially correct. We anticipate that the process will become more efficient going forward and that we will be able to consistently report pension results in future years on the basis prescribed by the auditors and as agreed to this year. We know that variations existed this first year between Counties within the state in data collection methods, in estimating and in reporting under GASB 68, and complying with the dictates of GASB 68 will become easier as consistency develops with all Counties in subsequent years.

Some of the "issues or errors" mentioned may have been caught with a thorough review by another knowledgeable person in the department, but Yavapai County does not currently have the staffing levels needed to perform such a complete review. Yavapai County has historically had a fairly straightforward and organized process in preparing the CAFR that allowed for more self-checking by the CAFR preparers, but not this year. Due to turnover and vacancy in the Finance Director position, the new accounting system that made generating the needed CAFR accounting reports difficult or impossible, and the extra implementation time needed for GASB 68, there was even less time than normal this year for the Finance Department to review all aspects of the CAFR. Efforts are being made to improve the reporting from our new accounting system, and a having a finance director in place for the full year and for a second CAFR cycle will help next year. We will initiate a more formal review process for next year that will document and track the levels of review that are completed; a more normal year will hopefully allow us the additional time needed to appropriately expand our review process.

Year Ended June 30, 2015

Federal Award Findings and Questioned Costs

2015-101

CFDA No.: 93.994 **Maternal and Child Health Services Block Grant to States**

Name of contact person: Kathy Yancy, Finance Supervisor  
Anticipated completion date: January 31, 2016

Staff will be required to fill out time studies in an accurate and timely fashion and perform other procedures to verify that payroll charged to the program is accurate. Time studies were implemented for Public Health funds effective 2/1/15 and the Clinic fund effective 1/31/16.

2015-102

**Health Centers Cluster**

CFDA No.: 93.224 **Consolidated Health Centers (Community Health Centers, Migrant Health Centers, Health Care for the Homeless, and Public Housing Primary Care)**

93.527 **Affordable Care Act (ACA) Grants for New and Expanded Services Under the Health Center Program**

Name of contact person: Kathy Yancy, Finance Supervisor  
Anticipated completion date: January 1, 2016

To help ensure that all financial reports as well as monthly reimbursement requests are complete and accurate, the Finance Department will have the reports and reimbursement requests reviewed and approved by a second person. The reviewer will sign and date the reports and requests as approval.

2015-103

CFDA No.: 20.106 **Airport Improvement Program**

Name of contact person: Lisa Brown, Grants Administrator  
Anticipated completion date: March 31, 2016

The Department contracted with the consultant, C&S Engineers, Inc. to perform construction management services for Yavapai County on the Sedona Airport project "Apron A Reconstruction". The contract included the wording in the section of responsibilities/duties, "Collect and monitor weekly payrolls for Davis Bacon Act compliance". The consultant performed these duties successfully. While we relied on the consultant to perform this obligation, it was not reviewed by county staff. The Grants Administrator will monitor and review that the consultant is receiving and reviewing certified payrolls from all contractors for Davis Bacon compliance. The payrolls will also be filed with the grant for inspection. While the Public Works Department has contracted with a firm to monitor this function, we remain aware that it is our responsibility for compliance.
