

**PETITION FOR ESTABLISHMENT OF THE _____
IMPROVEMENT DISTRICT AND PETITION TO INCUR EXPENSES**

STREET LIGHTING

TO THE HONORABLE BOARD OF SUPERVISORS OF YAVAPAI COUNTY, ARIZONA:

The undersigned real property owners request the establishment of a county street lighting improvement district pursuant to Sections 48-901 to 48-966, inclusive, Arizona Revised Statutes (the "County Improvement District Laws"), and all amendments and supplements thereto, and specifically Section 48-960 Arizona Revised Statutes and all amendments and supplements thereto.

The name of the proposed district is the _____ Street Lighting Improvement District of Yavapai County, Arizona.

The necessity for the proposed district is the need to pay for electricity for the operation of street lights through the levying of an annual tax levied on the assessed valuation of all property in the district or by apportionment of the tax among the lots in the district according to the area in square feet of each lot (*choose one method*). The public convenience, necessity and welfare will be promoted by the establishment of the district and the real property to be included therein will be benefited by the improvements which can be ordered upon the formation of the district.

The boundaries of the proposed district are as shown on the attached description, marked Exhibit A and the attached plat, marked Exhibit B.

The petitioners pray that the Board of Supervisors set this petition for hearing; direct notice be given to all interested property owners concerning the hearing in the manner prescribed in A.R.S. § 48-905(B); after consideration of any objections that may be made, enter a formal order declaring its findings; establish the boundaries; and declare the street lighting improvement district to be organized.

When the district is formed, this petition shall be deemed to be a petition to the Board of Directors of the district that the district incur the expense of purchasing electricity for the lighting of streets, and of taking all action to accomplish such purpose.

Petitioners agree to pay all expenses connected with the proceedings in case the Board of Supervisors refuses to establish the district. If the district is established but the improvement work is abandoned by the district, the costs incurred previous to the abandonment will be paid by the district, such payment will be provided for by the levy and collection of taxes upon all the property, real and personal, in the district, or payment for such costs will be made by any other remedy or law in force at the time of abandonment.

The petitioners understand and acknowledge that in the event any property within the district is, or becomes, subject to the ownership or control of the United States Government or any agency or instrumentality of, or which is controlled by, the United States Government, the portion of the costs assessed against such property may be required to be reapportioned to the remaining property within the district if and to the extent that the assessment cannot be enforced against the property owned or controlled by the United States Government or any agency or instrumentality of, or which is controlled by, the United States Government.
