#### How have hospitals preparing?

On March 19, 2020, Governor Ducey put forth an Executive Order whereupon hospitals were ordered to cancel elective surgeries. Hospitals are now preparing for a surge of patients. Preparation includes increasing our bed counts as ordered by Executive Order (2020-16 March 26), increasing our severely short supply of personal protective equipment (PPE) and sustaining the health of our healthcare workforce so we may provide the best care for our community during this pandemic.

YRMC and VVMC have submitted their Surge Capacity plans to increase their capacity by 50%.
