COVID-19 UPDATE: Friday, February 22, 2022

The ADHS COVID-19 Data Dashboard is changing; here's why

Throughout the pandemic, your state government and Arizona's hospitals have worked together to provide data critical to understanding and responding to the invisible enemy that is COVID-19. This partnership has made the ADHS COVID-19 Data Dashboard a go-to resource for the public, news media, and Arizona leaders. Starting in March, the frequency of reporting reflected on the ADHS COVID-19 Data Dashboard will shift to weekly. As a result, data on the dashboard will update each Wednesday starting March 2. Saturday, Feb. 26, will have the last daily update. Starting March 2, YCCHS will send out a weekly update each Wednesday to replace our Monday and Friday updates. We look forward to continuing to keep Yavapai County informed while acknowledging that the COVID-19 pandemic is moving toward a new phase for which weekly reporting can provide the information we all need to make informed decisions.
