YCCHS Update: July 13, 2022

As the summer progresses, we've seen an increase in large gatherings and local events, as well as a significant increase in Covid-19 cases in Yavapai County. Most hospitalizations and deaths from COVID-19 in Yavapai County still occur in unvaccinated individuals. Currently, 23% of infections occurred in fully vaccinated individuals with 6.3% of those being individuals who received the booster. 17.4% of those hospitalized for COVID-19 were fully vaccinated. With this in mind, it's important to still follow published CDC guidelines to reduce transmission. CDC guidelines can be found at How to Protect Yourself & Others | CDC.

The U.S. Department of Health and Human Services is providing free COVID-19 tests through covid.gov/tests. Every home in the U.S. is eligible to order a third round of free at-home tests.
