## Yavapai County Adjusts to Governor Ducey's Expansion of Eligibility

Registration at Arizona's state-operated COVID-19 vaccination sites in Maricopa, Pima and Yuma counties will be open to all Arizonans 16 and older beginning at 8 a.m. Wednesday as announced by Governor Doug Ducey and the Arizona Department of Health Services. "Our goal has been and remains to get vaccine into the community as quickly, widely and equitably as possible," said Governor Ducey. "Given a thorough review of vaccination data, anticipated vaccine supply, and current demand among prioritized groups, now is the time to take this critical next step."

State sites complement county vaccination programs and the growing availability of vaccine at pharmacies and federally qualified health centers participating in federal vaccination programs. Sites using the Pfizer vaccine, including those run by the state, can vaccinate those 16 and older. The Moderna and Johnson & Johnson/Janssen vaccines, which are allocated to counties, are approved for those 18 and older.

YCCHS is in discussions with our community partners administering the vaccine to determine readiness to move to all eligible over 18 if our vaccination sites experience an overall slowdown in filling appointments for Phase 1a, 1b and 1c. According to the ADHS dashboard, Yavapai County has provided over 105.5k doses of vaccine, utilizing 96.2% of vaccine allocated, with 62.5% of current priority groups vaccinated.

**Vaccine Availability.** Appointments are available for Moderna and Johnson & Johnson vaccines, and one or two CVS pharmacies with Pfizer, in Yavapai County. Check the YCCHS Vaccine Information page for availability at the Points of Dispensing (PODs), pharmacies and the schedule of clinics now available on the page. The Yavapai County phone bank is fully staffed to answer questions or assist people without computers/internet. Call 928-442-5103. <https://www.yavapai.us/chs/Home/COVID-19/Vaccine>.

**Yavapai County reports 11 new COVID-19 Cases and 2 Deaths.** Since last March last year, the county has tested **106,627** residents for COVID-19 with **18,299** positive cases, **6,838** recovered, and **488** deaths. Yavapai Regional Medical Center is caring for **4** COVID-19 patients, Verde Valley Medical Center reports **4** COVID-19 patients, and the VA is reporting **no** COVID patients.

COVID-19 Cases by County
