Brent Bitz – Sedona	Lou Bellesi - Citizen
Charles Mosley - Sedona	John Rasmussen- YCWAC
Billy Garner – Yavapai Apache Nation	Rebecca Davidson - SRP
Stanley Bullard – Camp Verde Water Sys.	Tom Whitmer - ADWR
Jeanmarie Haney – TNC	Brenda Smith - USFWS
Dan Campbell – TNC	Marvin Murray - Reclamation
Abe Springer – NAU	Vivian Gonzales - Reclamation
Rob Ross – NAU	Leslie Meyers - Reclamation
Sharon Masek Lopez - NAU	

**Phase I – Comments**

TWG reviewed the comments received for Phase I. Comments were received from Dewey-Humboldt, Prescott Valley, Camp Verde Water System, Sedona and Ken Janecek. All issues were resolved except Sedona's 2050 population and 2050 GPPD (Note: Meeting scheduled with City of Sedona, Arizona Water Co. and Oak Creek Water Co. for Fri. Jan 8 to discuss and resolve.) and Ken Janecek's request to break out Williamson CDP as a Water Planning Area in the study.

TWG discussed the pros and cons of developing a new Water Planning Area.

**Action Item: Leslie Meyers will review Williamson CDP info and report back to the TWG about the level of detail involved in breaking it out as a Water Planning Area.**

**Phase II – Water Supply Assessment**

Leslie Meyers explained that Phase II of the study is the development of a list of water sources. Each of the sources will be evaluated for quantity and quality. The next step in the study will be to match sources to unmet demands described in Phase I to develop water supply alternatives.

The TWG reviewed and commented on a Phase II outline.

**Action Item: Leslie Meyers and Marvin will work on reformatting and expanding the outline and incorporating TWG comments.**

The next TWG meeting will include a more detailed review of the Phase II documents.

Next Meeting

**Thursday, December 3, 2009**

**10:30 am**

Yavapai County - Gladys Gardner Meeting Room

1015 Fair Street, Prescott, AZ
